

Quantum Information Processing in Condensed Matter

Department of Physics, Loughborough University, UK

Monday, 15 Sept 2003, 10.30–16.30 (approx)

Aim: to cover research in Europe in Josephson and quantum dot implementations of quantum information processing, as well as the broader context of quantum information processing.

FIRST ANNOUNCEMENT AND CALL FOR PAPERS

Invited speakers so far confirmed

Andrew Briggs (Oxford)
Terry Clark (Sussex)
Noah Linden (Bristol)
Lieven Vandersypen (Delft)

Local organising committee

R T Giles
F V Kusmartsev
A E Lawrence
J H Samson
M B Sobnack

Registration fees: £30 (£20 for students)

Fees include lunch and refreshments

Accommodation can be arranged for 14 or 15 Sept

Deadline for registration and abstracts (via web page): Fri 15 August

There will be a poster session for contributed papers, with a small number selected for oral presentation.
